NOTICE OF JOB AVAILABILITY

TITLE: Clinical Research Nurse

DUTIES: Serving as a Clinical Research Nurse as part of the Experimental Therapeutics Group in the UF Health Cancer Center ("UFHCC"), with primary duties comprised of the coordination of clinical activities for an assigned portfolio of moderate-to-complex clinical trials, which includes, but is not limited to: (1) Collaborating with other research coordinators, Clinical Research Assistants, investigators, physicians, nurses, and other key personnel in the clinics, hospitals, and at the UF Health Cancer Center to ensure compliance with protocol requirements, required testing, and educating patients on protocol specifics; (2) Providing satisfactory care to enrolled patients by facilitating appointments, coordinating treatment plans, communicating test results and findings, providing clarification and counseling, serving as a point of contact for patients and their healthcare team as well as aiding patients and their families in navigating the healthcare system as it relates to their treatment; (3) Collecting, coordinating the collection of, analyzing/interpreting, and shipping of medical and clinical data for prospective and existing enrolled patient subjects on assigned clinical trials; and (4) Working with core office staff to manage compliance for your portfolio as established by the sponsoring agency, internal and external regulatory groups, and financial oversight teams in addition to managing patient safety and risk for these studies.

REQUIREMENTS: Bachelor's degree (or equivalent) in Nursing, Licensed Registered Nurse ("RN"), and four (4) years (48 mos) of experience in Nursing.

SALARY: \$84,011.00 / year

HOURS: M-F, 40hrs/wk., 9am-5pm.
